Items Discussed:

1. Minutes from last meeting were not read.
2. The new Electrical Inspector was introduced (Charles Joslyn).
3. Tom Spicer and Jim Szymaniak discussed their complaint at 7 Court Street with Jamba Electric. Jamba Electric has apprentices working on the project who are not in an approved New York State Approved Apprenticeship Program. Kevin Jamba has a meeting scheduled with Karin Smith with the NYS Department of Labor to discuss setting up an approved apprenticeship program. Questions raised by the Electrical Board were; length of time for approval of a program, Kevin Jamba knew when he filed permit for job he would have to have apprentices in an approved apprenticeship program. All journeymen on the project are licensed. Possible courses of action are; put apprentices in an approved program, red tag project, pull permit, revoke Masters License. There are no apprentice ratios in the City of Binghamton, New York State has a 1:3 ratio.
4. The Electric Board is in agreement, with Council approval, to have a special meeting with Kevin Jamba to discuss this situation and be in compliance or pull his license. Also check on schedule of work and completion date.
5. Applications for the Journeyman Electricians exam were discussed and approved for Nathon Derr, Taylor Doud, Richard Gast, John Jordan, Alex Krizanek, Stephen Lumsden, Sam Morton, Richard Redpath, Joseph Sedlacek, and Robert Seidel. Joseph Sedlacek must have his hours broken down per year and notarized to take test.

6. Applications for the Masters Electricians test were approved for Charles Joslyn and Robert Steinberg.
7. Letters will be sent to all applicants, tests will be given on May 17, 2017 at 24 Emma Street, Binghamton, NY. Robert Steinberg will need the test read to him, he has contacted Prometric to make the necessary arrangements.
8. Bryan Jackson's term has expired on the Examining Board and Tom McIntosh has expressed an interest in serving on the Electric Board. Tom will be contacted and if he is interested in the position he will send a letter of interest to the Electrical Board.

There being no further business before this Board a motion was made to adjourn at 11:29am.

The next meeting is scheduled for Wednesday May 7, 2014 at 10:30am.

Respectfully Submitted,
Charles Joslyn
Secretary
